

To All the good People at PHYSICAL THERAPY PLUS

I just want to thank all of you for everything you have all done for me.  
From that first day in the pool to the last day in the office, you transform me  
From this:

To this:

A Man that is now able to work and get on with his life.

( March 11, 2006 )

I drove my motorcycle home

Because of your professional ability and your friendly way, it made my visits fun and rewarding. You took the time to explain everything about my therapy. You gave me the confidence and the help I needed to get back on my feet. My life is now back on track because you all made it easy for me to recover. I will never forget all your smiling faces and friendly manner.

Thank you ever so much
